"Participating in the TTEC Foundation has been a rewarding experience. I have had the pleasure of working with various TTEC Teams and non-profit organizations across the United States. Through this amazing partnership, I have had the opportunity to observe TTEC employees Live Life Passionately and demonstrate how we deliver a culture of giving, compassion, and trust in the communities that we live and thrive in. The TTEC Foundation has provided hope and support to many organizations and communities through educational and social needs that have made lasting impacts to children and youth. I am very thankful to be a part of something so inspiring and heartfelt and look forward to continuing the amazing work that we do through the Foundation."

"I am extremely grateful to the TTEC Foundation for allowing me to contribute positive change to my local school. We truly exemplify our Do the Right Thing value by ensuring that no one in the community gets left behind."

Des Tanawan
Manager, Reporting and Analytics
TTEC Foundation Grant Employee Sponsor

"I am so happy that I get to be an instrument in extending assistance to students in the local community, and I have the TTEC Foundation to thank for that. This experience has been very memorable for me."

Mike Espinosa
Senior Supervisor, Employee Communications
TTEC Foundation Grant Employee Sponsor

"I see how generously our TTEC Digital team volunteers their time and talents to their communities. By expanding the TTEC Foundation's support to more of the causes our employees champion personally, we are truly opening the aperture of what it means to 'give to gain.' I'm excited to help my colleagues navigate new grant applications. It's an honor to support the people who do so much good outside our 'office' walls."

Building on our foundational commitment to education, we are expanding to **Community Wellbeing** as our primary focus for 2026 and beyond. This expansion is a testament to TTEC's culture of giving and allows the TTEC Foundation to create more comprehensive and impactful efforts in the communities where TTECers live and work.
